

NEW PRODUCT ANNOUNCEMENT

NEW! Commercial Condensate Neutralizer Kit

- Designed to neutralize all acidic condensate produced by condensing water heater models.
- Prevents corrosion and damage to the drain lines and sewer system
- Neutralizing agent raises the pH level of the condensate to a neutral range in order to protect the plumbing system and environment
- Manufactured with corrosion resistant materials
- Kit can be used with or in place of the built-in neutralizer

Product: Commercial Condensate Neutralizer
Part #: NT20A

Available: August 23, 2011

Tankless for Professionals™

Specifications:

Commercial Condensate Neutralizer Kit

Dimensions: 12.0" x 11.8" x 11.8"

Weight: 46.0 lbs

Flow Rate Capacity: 5.0 GPH (3,000,000 BTU/hr at 93% efficiency)

Volume: 5.3 gal (20 L)

Inlet/Outlet Connections: Two 1-1/2"-14NPT threaded ports

Additional Features:

5" fill/access opening, two 1-1/2" FIP inlets (top/side), 1-1/2" outlet (side), 1-1/2" FIP top vent, one-piece polyethylene construction
