

SV-CK-2-1 / SV-CK-3-1

2" and 3" SV Conversion Kit

Upgraded for 2022, our 2" and 3" Single Vent Conversion Kits can be used to convert direct vent (DV) installs to non-direct vent (SV) operation.

SV-CK-2-1

SV-CK-3-1

Features

New Air Intake Mesh

Keeps out debris and prevents interference of your tankless water heater's daily operation.

New Installation Option

Gives your tankless installation a cleaner look and feel while minimizing material use.

Quick Installation

Fast and easy installation directly onto your tankless water heater's intake flue

Compatible with a wide range of Noritz units
